TIFFIN MOTORHOMES

2011 Allegro Breeze® with Gold Coral Exterior

Allegro Breeze

Small is big. Small is bold. Small is here. The biggest new idea from Tiffin is also our smallest. Introducing the all-new 2011 Allegro Breeze. At a compact 28 feet, it's a revolution in motor home design. Like nothing ever built before. With more luxury than you'd ever expect. Affordable and fuel-efficient, it's perfectly sized for the whole family to ride and sleep comfortably. Plus, the Breeze is easy to maneuver with responsive handling, so you'll command the road without feeling cumbersome. With smooth-riding air brakes, air ride, and rear Navistar® diesel engine – unheard of in a 28-foot model, you won't find a better engineered motor home, or a smarter space-making interior design, or more skilled craftsmanship. In short, the Breeze is exactly what you'd expect from the great minds at Tiffin, who understand the world is a big place and small is sometimes the best way to go.

2011 ALLEGRO BREEZE / **LIVING AREA**

Plenty of room for living large. Don't let the compact size fool you. The Breeze living area won't cramp your style. Ample seating, midsection TV, and an optional front overhead TV with optional automatic satellite, surround sound system, and DVD player means sports fans, movie buffs, and couch potatoes will feel right at home. And the custom-made seating is multi-purpose: The driver's chair swivels to add another seat in the conversation area, and the U-shaped dinette converts to a bed, as does the sleeper sofa. Overhead cabinets provide handy storage, as well as an interesting design element: Available in the natural look of English Chestnut or Medium Alderwood, or the painted crispness of Ivory Cream, which is exclusive to the Breeze. The kitchen is equipped for easy preparation of family favorites: A double door refrigerator keeps perishables fresh; a convection microwave handles the cooking; and fold down covers transform the sink and cooktop into additional counterspace. An optional vacuum cleaner system simplifies cleanup, giving all aboard more time to savor the easygoing lifestyle.

2011 ALLEGRO BREEZE / **COCKPIT / CHASSIS**

Smaller, yes, but every inch a Tiffin. Rest assured, we didn't cut any corners. The Breeze shares the same exceptional engineering as our larger models, including the exclusive PowerGlide® chassis. Custom designed and built at the Tiffin plant in Red Bay, there's not another chassis like it on the planet. This smaller 28-foot chassis has everything a big chassis has – air ride, air brakes, and air leveling. The very features that deliver a smooth ride. You'll enjoy the benefits of our PowerGlide chassis every time you're behind the wheel. Plus, since it is made to our exact specifications, count on reliability and supreme craftsmanship from the bottom up. Equipped with a MaxxForce 7® rear engine diesel, the Breeze also delivers more mileage per gallon on the road and an added boost of torque (560 @ 1,400) and horsepower (215 HP @ 2,600 rpm). Naturally, we didn't skimp on seating either: With the Flexsteel® adjustable driver and passenger seats, you'll be as comfortable as can be.

2011 ALLEGRO BREEZE / **BEDROOM**

Now entering your comfort zone. All the features you'd expect, along with a number of pleasant surprises, await you in the residential-style bedroom. For starters, we didn't sacrifice sleeping space: The queen-sized bed and innerspring mattress is comparable to the size in our larger models. Efficient use of space also allows room for his-and-her nightstands, wardrobe areas, and under bed storage. Windows border each side of the bed, allowing you to wake up to the beauty of morning light. At other times, solar shades can be drawn for ultimate privacy. Additional overnight guests are easily accommodated in the living area, courtesy of a sleeper sofa and dinette seating that converts to a bed. There's also the option of continuing the living area's tile flooring into the bedroom. Rest assured, in this well-appointed suite, every night will be a good night.

2011 ALLEGRO BREEZE / **BATHROOM**

A little convenience goes a long way. An ingenious design plan, complemented with elegant finishes, creates a feeling of luxury in the surprisingly spacious bath. With a separate compartment for the vanity and lavatory, complete privacy is assured. Taller guests will appreciate the large skylights, which provide extra headroom in the fiberglass molded shower stall. A trio of towel racks ensures fresh towels are within easy reach while built-in shelving and medicine cabinet keep toiletries neat and tidy. And a Fantastic® Fan keeps the area refreshed.

TIFFIN MOTORHOMES

WHEREVER YOU GO, WE GO.

Start your journey by visiting our website. We'd love to hear from you, so give us a call, send us a postcard or stop by our office the next time you pass by Red Bay. Because remember, wherever you go, we go.

Safe travels,

Bob Tiffin

WHEREVER YOU GO, THERE WE ARE.

In a time when some companies have struggled, a manufacturer who stands behind the product they build has never been more important. We've never been prouder of the strength of our company, our warranty and service plan (still the best in the motor home industry), and most importantly, the trust we've built with a very special group of motor home owners. We understand the richness that travel brings to your life, and our family is so proud of the relationship we have with yours. You are the reason we do what we do and why we never stop working to build a better Tiffin experience for you.

HIT THE ROAD WITHOUT A CARE IN THE WORLD.

10-YEAR LIMITED UNITIZED CONSTRUCTION WARRANTY

We guarantee the structural integrity of the entire coach for 10 years (includes wall separation and inner frame weakness).

5-YEAR LIMITED LAMINATION WARRANTY

We guarantee against all exterior fiberglass delamination or wall separation for 5 years.
