

Vista LX

SNEAK PEEK

WINNEBAGO^{RV}

The Next Level of Value

The Vista® LX takes value to the next level, introducing a large complement of upgraded features and a bold exterior appearance to a host of fresh floorplans. Upscale features such as Corian® galley countertops and MCD roller shades come standard, while the available interior upgrade package adds the Dream Dinette™ dining table, hardwood refrigerator door inserts, a vinyl ceiling, and much more. Onlookers will be impressed by the chrome accents and available full-body paint, while you'll be impressed by the budget-friendly price. You wanted more in an affordable Class A coach, and you got it in the Vista LX.

RECOGNIZED QUALITY

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago is proud to be the only manufacturer that has received this award every year since its inception.

Floorplans & Specifications

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas.

*The 35B uses separate black and gray tanks for each bathroom **The 35F uses separate black tanks for each bathroom

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design - over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Not all items available in combination. See dealer for details. Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
