ONEControl® Smart Phone Remote Monitor System

Forester is equipped with ONEControl®, an app based user interface that provides comfort and convenience to control and monitor your RV's functions from an LED touch screen or a smart phone.

- Download the free app to get started

Apple and the Apple logo are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc. Android, Google Play, and the Google Play logo are trademarks of Google Inc.

Lane Departure Warning System

(N/A on LE and Transit models)

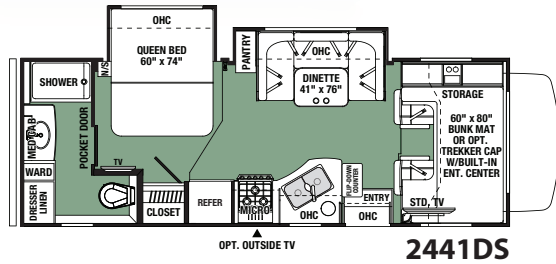

- NEW Voyager® VBSD1 Blind Spot Detection System
- Specifically engineered to enhance Class C motorhome safety
- Visual and audible alerts warn drivers of obstacles not visible in the rear view mirror
- Uses radar detecting sensors on the rear corners of the motorhome that communicate with LED beacons in the cab
- Beacons remain lit until the blind spot is clear
- Beacon flashes with an audible alert when turn signal is engaged

3011DS Shown in Desert Sand Decor with optional Rustic Cherry cabinetry

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - Is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

STANDARD Exterior

OCEAN BLUE Full body paint

SADDLE Full body paint

FR Upgraded Premium Suspension System

Includes Bilstein® Shocks, Hellwig RV Sway Bars and Firestone Ride-Rite Air Springs

Available on standard Class C, built on Ford E-450 (N/A on MBS, Transit, LE and Chevy)

Bilstein® Shock Advantages

- Monotube gas pressure shock absorbers virtually eliminate excessive sway and bounce
- Tested and tuned for your specific motorhome, for a safe and enjoyable ride
- Improved handling and consistent performance
- 228% Larger piston creates greater sensitivity and tighter vehicle control
- Lifetime warranty

Hellwig RV Sway Bar Advantages

- Increase driving stability at highway speeds and reduce the effects of crosswind
- Improve traction and cornering abilities for safer driving
- No more white knuckle driving
- Most effective handling upgrade available for RVs
- Lifetime warranty

Firestone Ride-Rite Advantages

- Adjustable air springs provide an improved ride, and a better way to balance loads

Large panoramic windows with black-out shades for plenty of fresh air and natural light.

12V 4-Port USB charging station (Living room/bedroom, N/A LE)

Forester is equipped with a residential mattress for a good night's sleep.

Seamless front cap for enhanced aerodynamics

Solar Prep

LED lights generate almost no heat compared to incandescent lights and use substantially less power.

Winterizing tube provides easy access for quick maintenance includes bypass valve.

The overhead bunk is rated for 440 lbs. and includes a cab over safety net

Solar On-Board roof-mounted, optional 12V charging station

Outside speakers

Forester is appointed with rich residential style hardwood cabinetry with ball bearing drawer glides

Two batteries in a single housing for easy access. (One battery LE and Transit)

This Winegard HD digitally amplified antenna enhances reception.

This compact unit filters water for the entire coach, eliminating unwanted contaminants and odors, ensuring safe drinking water for you and your family. (N/A LE)

This holding tank vent cap eliminates odors and gases from the holding tanks and exhausts them out the roof, without the use of costly chemicals.

Durable, easy to clean (R-18) crowned fiberglass roof sheds water and doesn't cause black streaks like a rubber roof.

Heated/enclosed holding tanks use warm air from the furnace to protect tanks and valves. (N/A 2251 SLE, MBS and Transit)

All models include Atwood ducts for high performance air flow throughout the coach and front cabover.

Forester's entry step is integrated into the sidewall. No more slippery, or damaged power steps. (N/A MBS)

Comfortable sofa with footrests, folding armrests and drink tray converts to a convenient sleeping area.

Extend and retract the power awning with the push of a button. Both arms are adjustable to get just the right angle.

Maxx Air Fan recirculates air throughout the entire coach.

The Sony touch screen in-dash stereo system pairs up with your smart phone for access to Apple CarPlay/Android GPS and other applications. (N/A on Transit or LE)

This multimedia entertainment system features AM/FM/DVD, Bluetooth, plus outside speaker control.

Progressive Dynamics patented 4-stage Charge Wizard[®] converter system has been shown to increase battery life by 2 to 3 times or more. It constantly monitors battery usage and voltage, then selects one of four operating modes to properly charge and maintain the battery. Boost, Normal, Storage and Equalization.

ATWOOD WATER HEATER

TRADITIONAL WATER HEATER

Atwood 18 GPH water heaters (6 gallon tank) out perform traditional 10 and 12 gallon tank water heaters. They're also 50% lighter and have no anode rod to replace.

7,500 Lb. Tow capacity (Ford E450)

CONSTRUCTION

Multi-Layered Laminated Roof System

- 1. Crowned Fiberglass Roof
- 2. Luan Decking
