

Sumova™

2002

Presenting the all-new Itasca Sunova. It's a new breed of motor home that opens wide the door to Class A comfort and accommodations. Loaded with standard features and plenty of available options, the Sunova is the perfect introduction to the Class A motor home lifestyle. As an Itasca product, Sunova is designed and built to the high standards that you would expect from Winnebago Industries. It's a motor home that you'll be proud to own and you'll take added delight in knowing you found the best value around. The 2002 Itasca Sunova — a refreshingly affordable Class A motor home.

Stitchcraft quality and innovation are yours with premium Stitchcraft furniture featured throughout the Sunova. You'll really appreciate relaxing in the new swivel/glider lounge chair. It's a standard Sunova feature.

27C SPRING MEADOW

EXPERIENCED RVers PREFER ITASCA motor homes for their innovative designs and reputation for quality. You'll find thoughtful features like the galley's Congoleum® vinyl flooring, a one-piece fabric ceiling and the convenient recessed **ONEPLACE™** Systems Center. Also included are many features that are simply not available in competitive models at this level — features like ceiling-ducted roof air with wall-mounted thermostat and floor-ducted heating for better climate control. Large, easy-to-operate wall-mounted switches control the strategically placed overhead lighting. Not to be forgotten, Sunova's **STOREMORE™** Slideout System allows interior cabinets and exterior storage compartments to extend with the slideroom for easy access to storage.

STOCKING UP is easy thanks to the food storage available in the double-door refrigerator/freezer and slideout pantry.

ALL THE ESSENTIALS for preparing a savory meal are at your fingertips when using the in-line galley. The touch control microwave and Magic Chef® three-burner range

with oven make meal preparation a snap. A flip-up countertop extension and cover for the recessed stainless steel sink provide additional workspace. Cabinet doors and drawers stay secure with positive catches and open easily with large 4" handles.

27C SPRING MEADOW

A GREAT NIGHT'S REST is just one benefit of a Class A bedroom. In addition to a walk-around queen-size bed with Serta® mattress, you'll find a large wardrobe, shirt closet and plenty of underbed and overhead cabinet storage.

THIS SPLIT BATH DESIGN provides a spacious bathroom area. The residential-height toilet features a foot-pedal flush for added convenience. The lavatory and medicine cabinets optimize storage space while a removable clothes rod in the shower provides additional hanging clothes storage when traveling.

WHEN YOU'RE READY TO TAKE A BREAK from the great outdoors, you'll appreciate the terrific view provided by the 19" TV. Entertainment options also include an available VCR and digital satellite system. Choose the 130 watt inverter and enjoy the TV and VCR even when you're not connected to shoreline or generator power. The beautiful Portsmouth Oak cabinetry is crafted with a combination of old world attention to detail and advanced computerized manufacturing that results in unparalleled fit, finish and durability.

27C SPRING MEADOW

DRIVING IS ONE OF THE JOYS of owning a motor home. Sunova enhances that experience with large, well-labeled dash controls all within easy reach. An available rearview monitor system ensures fearless backing. For your listening pleasure, an AM/FM radio with cassette comes standard.

SIT BACK AND ENJOY THE RIDE in custom Stitchcraft driver and passenger seats. Designed with your comfort in mind, they feature high-back frames with fixed lumbar support, dual-position armrests, swivel/slide positioning and a multi-position recline function.

Stop worrying about water runoff dripping on your windows thanks to an innovative, built-in awning rail gutter system that drains water away from the entrance door and windows.

Convenience is the key to Sunova's service center. A heated holding tank compartment and water heater winterization bypass valve let you extend your camping season. An exterior wash station is also available for easy cleanups.

Towing is easy. The standard hitch offers a 5,000-pound towing capacity and 350-pound tongue weight to accommodate your towing needs.*

A standard 4,000 watt Onan® MicroQuiet™ generator provides ample 110 volt power when shoreline service is not available.

27C

AS THE NEWEST MEMBER OF THE ITASCA FAMILY, Sunova does not disappoint. The Thermo-Panel® one-piece fiberglass sidewalls are attractive, durable and easy to maintain. Basement storage provides plenty of space for gear and supplies. Leveling is effortless with the available Kwikiee® hydraulic jacks. And stainless steel wheel liners can be added for an additional touch of style.

COMPARTMENT LIGHTS illuminate stored items

ADVANCED SEAL-PLANE offers improved protection against the elements

GAS STRUTS assist in opening

SINGLE-PADDLE LATCH for easy, one-handed operation

ONE-PIECE METAL SKIN DOORS are an advanced, laminated composite design and construction, creating a door that is lightweight while still providing exceptional strength

STOREMORE

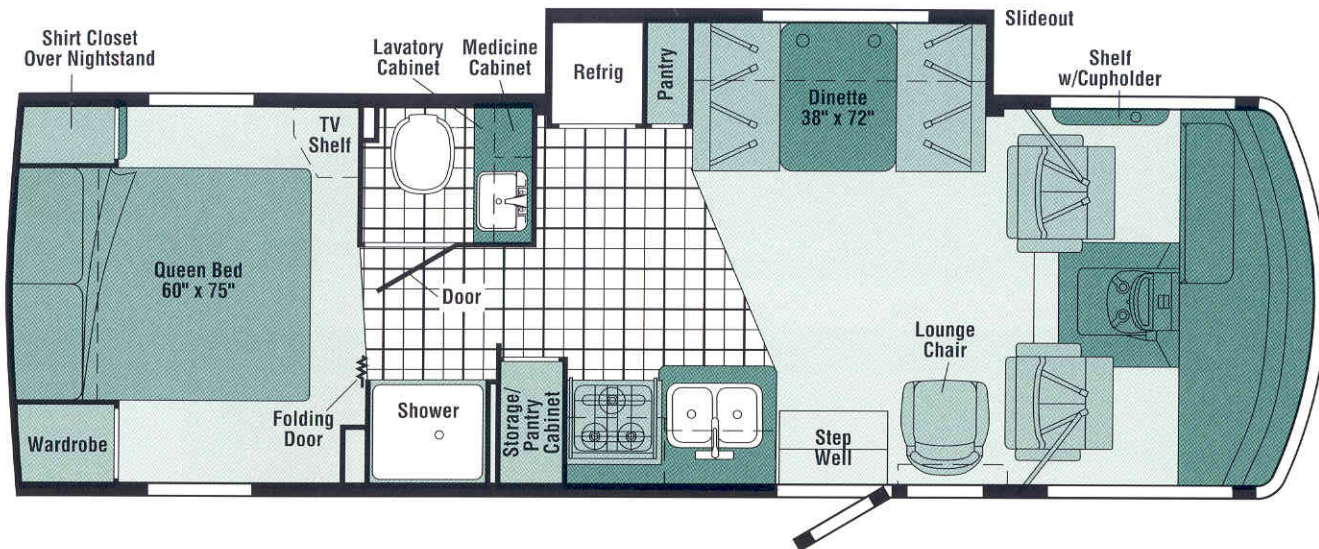

27C

THE STOREMORE SLIDEOUT SYSTEM is a Winnebago Industries original and is still the industry's premier slideout system. StoreMore allows for large storage compartments that accommodate oversized and odd-shaped items. They extend with the slideroom for easy access. The StoreMore Slideout System on the Sunova features a new electric slide mechanism. It's the first electric powered slideout system to meet our stringent quality and performance standards. Winnebago Industries engineers worked in conjunction with Kwikiee® Manufacturing to develop this powerful and reliable dual-ram/dual-motor technology that features electronic synchronization for improved room movement and better sealing, as well as built-in diagnostics for easier service.

- The height of each model is based on the curb weight of a typically equipped unit on the standard chassis. The actual height of your vehicle may vary by as much as 2" depending on chassis or equipment variations.
- ^ Sunova floorplans feature a wide-body design — over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- * Not all items available in combination. See dealer for details.
- ◇ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- NA Not Available
- S Standard
- O Optional
- + Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to your vehicle's operator's manual for further towing information.
- ** See your dealer for complete warranty documentation information.

Winnebago Industries' continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available.

NOT ALL MOTOR HOMES ARE CREATED EQUAL, and as you take a closer look, you'll see that there is much more to an Itasca Sunova than a long list of standard features and compelling floorplans. Beneath it all, you'll find a SuperStructure foundation of strength and durability.

**SUPER
STRUCTURE**

is the term given to Winnebago Industries' structural motor home design and construction. Rather than a single component, it is the culmination of design integration that incorporates steel and aluminum substructures, welded tubular steel floor risers, interlocking joint technology and Thermo-Panel® floor, roof and sidewalls to form a high-strength, durable vehicle body.

INTERLOCKING JOINT CONSTRUCTION

utilizes advanced extruded aluminum structural components to create integrated floor-to-sidewall and sidewall-to-roof joints. This design effectively distributes the weight of the walls and roof, making a stronger and more durable body than competitor designs which rely on screws to carry the weight.

TUBULAR STEEL RISERS

feature a truss-design core for superior strength and provide a stable base for the floor structure and storage compartments.

THE ALL STEEL CAB

features integral A and B pillars for added strength and stability.

WINDSHIELDS are mounted in steel with non-hardening sealants for superior strength, safety and durability. Some manufacturers actually use a rubber gasket to hold the windshield to a fiberglass cap.

STORAGE COMPARTMENTS

attach to outrigger assemblies so that the weight of stowed items is carried and dispersed throughout the foundation substructure.

A STEEL BARRIER separates occupants from the engine compartment. Believe it or not, less advanced designs actually use wood in this critical application.

THE FOUNDATION SUBSTRUCTURE ASSEMBLY

is precision-aligned to maximize strength and cross-coach support, as well as durability.

CRITICAL STEEL COMPONENTS are treated using an advanced electrodeposition coating process that provides superior corrosion protection.

1-YEAR OLD ITASCA FIBERGLASS ROOF

1-YEAR OLD COMPETITOR'S RUBBER ROOF

BUILT TO A HIGHER STANDARD. Sunova features a crowned, one-piece fiberglass roof, backed with a 10-year limited parts and labor warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models. Over time, rubber roofs are susceptible to chalking, streaking and degradation, and have less puncture and tear resistance than fiberglass.

COMMITTED TO SERVICE. We back our motor homes with the best service after the sale in the industry.

TRIP Saver
Emergency Shipped Parts

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Standard 10-year limited parts and labor roof warranty

- TripSaver emergency warranty parts shipments
- National dealer service network

RECOGNIZED QUALITY. Recreation Vehicle Dealer Association members annually rate RV manufacturers on the quality of their products, sales and service support. We are proud to say that Winnebago Industries is the only major motor home manufacturer to be a recipient of the RVDAs Quality Circle award every year since its inception.

ALL MOTOR HOMES ARE NOT CREATED EQUAL. Learn more about what sets Winnebago Industries apart. Ask your dealer for this guide. It will help you learn what makes Winnebago Industries motor homes distinctly superior to other brands.

WARNING: JOINING WIT HAS BEEN KNOWN TO CAUSE EXCESSIVE FUN. Winnebago-Itasca Travelers (WIT) is a club for owners of Winnebago Industries motor homes. WIT is a great way to meet people and offers:

- Caravans and rallies
- Local and state group activities
- Benefits for RVers
