The Friendship Luxury Diesel Motorhomes feature four distinctive floorplans. These creatively designed models are sure to meet the needs of your family.

COMFORTABLE TRAVEL WITH

RESIDENTIAL STYLE CABINETS

Hardwood Cabinets...

Our residential style cabinets are constructed with solid hardwood stiles and doors. This brings both structural integrity and beauty to your living environment.

Durable Construction...

The most durable construction begins with a seamless fiberglass roof, vacuum bond laminated sidewalls to give your home the very best rigidity as well as increased insulating value.

There is plenty of exterior storage room for your travel needs. The *Friendship's* sub-floor features steel construction with a combination of tubular steel and strong steel trusses. The basement storage compartments are formed of galvanized steel for superior strength and durability. Most of them are carpeted to protect your belongings and lighted for easy loading and unloading at night.
