

Storm

FLEETWOOD RV

We're taking America by Storm

2004

From the distance it emerges, a marvel of power and design.

Get back to basics without losing the comforts of home. Dinner simmers on the three-burner range, the jackknife sofa beckons, your laminate countertops with Corian® edge and vinyl flooring gleam in the sun as a breeze wafts through your galley windows. Yes, Storm is home. New galley additions include towel holder, trash receptacle and wire baskets in pantry. Dinette with overhead cabinets with face frame construction means there's no shortage of storage options here. Even your bathroom is designed for maximum space with satin nickel finished cabinetry, bright satin nickel bath accessories and a sky-lit shower.

It's not home if it doesn't have your unique stamp of individuality on it, which is why Storm offers three décor selections. Choose from lively Pacific Pearl, atmospheric Olive Fog or the soothing earth tones of Bryce Canyon, all enhanced with Windsor Birch wood detail. Let the air of possibility guide you in your next adventure. Brace yourself for Storm.

Make way...Storm is here.

Heading for cover takes on a whole new meaning with Storm. Solid Vacu-Bond® walls flank a redesigned front and rear cap, complemented by three-color Colorway Graphics. Storm's Workhorse chassis, Power Platform® and reengineered dashboard with increased passenger legroom allow you to comfortably brave the elements. Living area slide-outs practically double your space effortlessly. Extra nightstand, cabinet and wardrobe storage means there's always room for "one more thing." Indulge in a book, some late night TV or dream up your next adventure from your Restonic® innerspring queen-size bed.

Pacific Pearl

Olive Fog

Bryce Canyon

THE POWER PLATFORM MAKES THE DIFFERENCE!

- A. Steel I-beams are welded the length of the chassis for enormous weight-bearing ability.
- B. Water tanks run horizontally down the center of the frame for balance.
- C. Beefy steel outriggers firmly cradle all exterior compartments.

THE FACTS BEHIND
OUR MOTOR HOMES

Fleetwood uses automotive style bonding for all windshields. Most competitors still use old rubber gaskets.

Fleetwood uses 100% electric slide-outs. Some competitors still use high maintenance hydraulic systems.

Fleetwood Vacu-Bonds® all sidewalls, ceilings and floors. Some competitors only vacuum laminate on more expensive models.

Fleetwood uses either all aluminum or steel construction for floors, sidewalls and ceiling structural framing. Some competitors still use wood.

SSQV

Size, Service, Quality and Value. Together they equate to the very best RV you can buy.

*Drawings are for illustrative purpose only to highlight aspects of Motor Home construction. Actual motor home design depends on model and is subject to change.

RV OWNERCARE is a limited one-year/three-year or 15,000 mile warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems and appliances, components, and construction, with no deductible and no service charge. RV OWNERCARE coverage is provided from a company that will be around in the future to service your needs. See your nearest Fleetwood dealer for a full explanation of benefits and restrictions.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e. occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.
