GOOD TO BE HOME.

After a long, challenging hike, it's good to be home with a hot shower and a comfortable couch. Relax, take a load off and prepare for tomorrow's activities as dual A/C units quickly cool your surroundings and you discuss the menu for tonight's guests. It's going to be a good

night—a great dinner, interesting conversation and the latest DVD via your home theater. Tomorrow, it's off to a new destination and new adventures. Life is good when you have all the comforts of home no matter where you are.

A CONVENIENT WORK DESK situated directly behind the passenger seat provides an ample place for reading, working or a quick meal (select models).

MULTI-PURPOSE SERVICE AREA situated between the front seats, includes a snack tray, cup holders, 12-volt and 110-volt outlets and easy access to your coach's 12-volt fuse panel.

27" PANASONIC® TV with a hi-fi VCR and the excitement of a 5-disc DVD surround-sound home theater are standard. This overhead entertainment center provides all the luxuries of home.

OVERHEAD STORAGE for all the little things in life. Bounder Diesel provides a row of storage in the galley for all of your traveling needs.

WHAT'S COOKIN'?

Everything, thanks to your Bounder® Diesel's well-equipped galley.

A 12 cu. ft. side-by-side refrigerator holds plenty of perishables and a spacious (1.4 cu. ft.) convection microwave cooks like a conventional oven—steaks, fish, even a whole chicken—

in a fraction of the time. A 22" 3-burner stove (with or without optional oven) handles the rest. Bounder Diesel's roll-out countertop* expands work space and its full-size double porcelain sink makes cleanup quick and easy.

**Available on models 37U and 38N.*

THE DINETTE features seating for four and comfortable upholstered-bench seating.

UNDER SINK STORAGE provides more than enough room for all of your cleaning needs.

SPACIOUS CABINETS feature raised-panel doors and room for plenty of full-size dishes.

SLEEP WELL.

You'll find that sleep comes easy in Bounder Diesel's cozy bedroom. A slide-out* accommodates a queen-size bed topped with a Restonic® mattress and stylish bedspread. The bathroom features a shower with glass enclosure and skylight,

a porcelain flush toilet with Water Saver™, a large sink and a solid-surface countertop. Water filtration moves beyond the galley and provides fresh water throughout the coach even in the bathroom for brushing your teeth.

**Slide-out not available on 39Z.*

MIRRORED-DOOR WARDROBE comes fully equipped with a light, residential racks and organizers. Cedar lining keeps clothes fresh and moth-free.

GLASS SHOWER DOOR with brass framing complements the warmth of the bathroom's maple-finished wood.

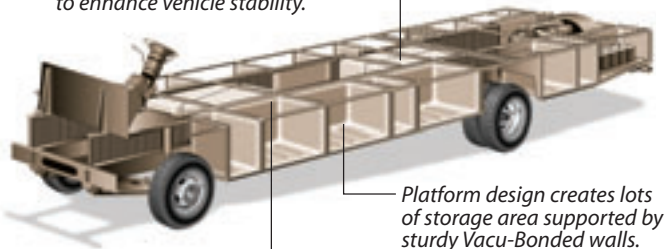

A 20" PANASONIC® TV is located overhead and angled for easy bedtime viewing.

AN OPTIONAL WASHER/DRYER combination is concealed in a cabinet. Think of all the quarters you'll save.

CABINETS, A BATHROOM ASSIST HANDLE and plenty of storage space are conveniently located.

Heavy fluid tanks are positioned in the bottom center of the platform to enhance vehicle stability.

Platform design creates lots of storage area supported by sturdy Vacu-Bonded walls.

Neoprene rubber gasket isolates the living area from the chassis for a quiet ride.

POWER PLATFORM CONSTRUCTION

Fleetwood's patented Power Platform begins with two 10-in. steel I-beams welded lengthwise to the chassis. From the beams, steel outriggers extend outward. Together, they create a basement for fluid tanks and storage while supporting the floor, walls and roof with a metal frame. This makes the chassis even stronger.

Awnings

Patio and door awnings (electric optional) provide shade from the sun.

Dual A/C Units

Bounder Diesel has maximum cooling capabilities and plenty of storage because its A/C units are mounted on the roof and not in the basement.

Leveling System

A fully automatic 4-point leveling system levels your Bounder Diesel with a one-button push or a do-it-yourself manual override.

Storage

Storage compartments line both sides of coach. Compartments include lights, gas-lift strut supports, stainless-steel hinges and insulated aluminum doors.

Entry

Power entry steps retract when the door is closed, lower as the door opens.

HOOKUPS are located in one easily accessible compartment.

STYLISH WRAP-AROUND DASH features read-at-a-glance gauges and easy-to-reach controls. Optional satellite radio provides commercial free music stations and 40 streams of sports and entertainment.

EASY TO ACCESS COMPARTMENTS move with slide-out for convenient use (illumination standard).

LIGHTED ENTRY RAIL is a small but important feature...especially on a moonless night.

A PULL-OUT STORAGE BASKET keeps small items together. (Select models)
