MONACO®

MONACO®

DRIVING YOUR DREAM.™

The Camelot's interior is waiting to welcome you home from your wildest adventures with remarkable comfort and style. The coach's livability is the sum of many exquisite details, including the woodwork — with solid wood raised panel cabinet doors, crown molding and hardwood slide-out fascia with carved design and fluted accents. The dinette features a legless polished solid surface table with two attractive chairs and two folding chairs, and we've added a computer hookup with phone jack allowing it to double as a workspace. You have a wide range of furniture options, including Ultraleather™ coverings, a wraparound computer table and a Euro-recliner with ottoman, depending on your floorplan.

Front to back, 38PDQ, Natural Cherry, Country Manor.

A The optional **hide-a-bed sofa with air mattress** is a perfect way to add versatility to your floorplan and easily accommodate family and guests.

Each year, our designers create color and fabric combinations that lead the industry in warmth and style. This year, we're offering four beautiful decors and six stunning cabinet finishes.

BETTER
STAIN
PROTECTION

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Note. Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

WALNUT

As you choose your favorite style of
woodwork, you can be confident that
each selection is crafted to the highest
standards. The Camelot features solid
wood raised panel doors with antique
brass hardware. You'll appreciate the
lined shelves inside the cabinets, too.
And as you open the drawers, you'll
feel the quality of the heavy-duty ball
bearing guides.

No other manufacturer gives you as many innovative floorplan choices as Monaco. The 2005 Camelot offers triple and quad slide-out models in lengths that range from 38' to 40'.

1 Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

2 Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.
