33C Biscotti with Coffee-Glazed Vienna Maple Cabinetry

MORE FEATURES. MORE VALUE. MORE ADVENTURES.

On your quest for the perfect Class A motor home, you'll find the 2013 Itasca Sunova® nestled in the true value sweet spot where features and comfort exceed the price you expect to pay. You don't often find features such as Ultraleather™ cab seats, Corian® kitchen countertops and MCD American Duo® roller shades at such a friendly price point, and when you can get all that with the legendary quality assurance that comes with Winnebago Industries'® SuperStructure® construction process, it's a coach that definitely belongs on your short list. The new 35G features an extendable sectional sofa/sleeper and a movable drop-leaf dining table. Whether you want to stretch out on a full sectional sofa that expands when the slideout is extended or you want to enjoy meals in the sectional U-shaped dinette with a full view of the mid-coach 42" LCD TV, there's an Itasca Sunova waiting for you.

Why Sunova?

- Four exciting multi-slideout floorplans
- Corian kitchen countertops
- Swivel Ultraleather cab seats
- Powered patio awning
- Stereo system with DVD player
- Fiberglass roof
- MCD American Duo solar/blackout roller shades
- Extendable sectional sofa (36V)
- Extendable sectional U-shaped dinette (30A)
- Leveling jacks with 3-position controls

RECOGNIZED QUALITY The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries, proud manufacturer of the Itasca Sunova.

BEST IN CLASS

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Click on this icon throughout the brochure to link to more information on the web.

Day or night, the smoothly retracting **MCD American Duo Solar/Blackout Roller Shades** give you total control of light and privacy levels.

The **Powered Sunvisor** drops part way down at the press of a button to block the sun while you drive or all the way to the dash for privacy at the campsite.

Sit back and relax after a long day in the **Ultraleather Euro Recliner** with built-in footrest. The hoop base lets you move it to your favorite spot when parked.

The **PowerLine® Energy Management System**, which minimizes tripped campground circuits in periods of high demand, is part of the **OnePlace® Systems Center**.

Read the paper, write letters or use your laptop computer on the **Dash Workstation**.

Listen to music while you drive or watch movies on the lounge TV through the in-dash **Stereo System with DVD Player**.

The available **Comfort Sofa Sleeper** quickly converts from a sofa into a comfortable bed that features a self-inflating mattress and pump that automatically reads mattress pressure to maintain your perfect setting.

33C Biscotti with Coffee-Glazed Vienna Maple Cabinetry

The Sunova is the perfect place to spend time with family and friends. Choose from a complete line of extendable furniture pieces, including a sectional sofa (36V), sectional dinette (30A) and sectional sofa/sleeper (35G) with movable drop-leaf dining table. By expanding with the slideout extended, the whole family can enjoy dinner or watch a movie together.

33C Kitchen

A Corian solid-surface countertop with matching sink covers highlights this full-featured kitchen. A pullout pantry and two-door or available four-door refrigerator/freezer provide optimal storage so you can stock up for multiple meals on the road.

Full-Extension Drawer Slides

Available Four-Door Refrigerator

33C Pantry

The Sunova 33C and 36V come standard with the BenchMark® full-comfort dinette. It features innerspring cushions that flip up to reveal hidden storage compartments and quickly converts into a comfortable sleeping space. The 33C also includes an option for an extendable dining table and buffet that includes a retractable 40" LCD TV.

33C Dining Table/Buffer

33C Bedroom

33C Bedroom Vanity

33C Underbed Storage

Drift off to sleep dreaming of your next adventure in your choice of a king (NA 30A) or queen bed. The queen bed lifts up to reveal a cavernous storage compartment. The 26" LCD TV is DVD ready so you can watch movies playing on the coach DVD system (standard 35G, available 30A, 33C, 36V).

Dash

Soft Ultraleather cab seats and an ergonomic dash maximize travel comfort and a six-way power pedestal adjusts to the perfect position for any driver. Upgrade the rearview monitor system to include a sideview camera system for total awareness when you're behind the wheel (standard 35G, available 30A, 33C, 36V). The cab seats swivel to become an integral part of the living area.

Power Mirrors

Swivel Cab Seats

Add the exterior entertainment center with 32" LCD TV to enjoy movies and music in the great outdoors. An entrance door awning is available on the 30A to complement the standard awning so you can increase your patio size and increase your fun. All of your campsite gear is easily stored in the large compartments with single-paddle latches.

The StoreMore® slideout system, featured on the 33C, lets the storage compartments extend with the slideroom for easy accessibility. Color-coded labels identify connection points in the service center for easy hook ups and a wash station comes standard for cleaning off muddy gear.

StoreMore Storage Bay

Available Exterior Entertainment Center

Exterior Service Center

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year parts-and-labor roof skin warranty.

Rubber Can't Cut It Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel pusher model—is built to Winnebago Industries® legendary SuperStructure construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

TAKE A TOUR We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

30A

Gather around the extendable sectional dinette for a family meal or a good movie. A double-slideout design makes the most of this floorplan.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

33C

This triple-slideout design offers a wide range of seating options, including the popular extendable dining table/buffet with retractable LCD TV.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

NEW Available January 2013

35G

Comfortable, spacious and innovative, the extendable sectional sofa/sleeper and movable drop-leaf dining table are the focal points of this triple-slideout floorplan.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

36V

The oversized extendable sectional sofa and an available king bed make the 36V an excellent choice for full-timers who want plenty of space on the road.

Safety

Seat belts

Child seat tether anchor in forward-facing dinette seat (30A, 36V)

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

High-mount brake lamp

Warranty⁷

12-month/15,000-mile basic warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and labor warranty on roof skin⁸

¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

² Sunova floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.

³ The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

⁴ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

⁵ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

⁶ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

⁷ See separate chassis warranty.

⁸ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
