Customize to your taste with interior décor palettes designed to add warmth and personality. You'll have plenty of luggage capacity to bring along everything you need, courtesy of a raised rail chassis that maximizes space under the coach, giving you up to 160 cubic feet of storage. For your convenience, basement compartments feature interior lights, Tiffin-built custom doors with single handle lockable latches, and full pass-through access.

TIFFIN INNOVATION: EXTRAORDINAIRE™ AC SYSTEM

The interior ambiance in your Tiffin coach is enhanced by a state-of-the-art heating and cooling method, developed by Tiffin engineers for exclusive use in our luxury coaches. Modeled on residential-style systems, it uses adjustable registers and return vents placed the length of the ceiling to keep the airflow moving in a circular pattern to maintain your desired interior temperature. Whisper quiet and incredibly efficient, it easily lives up to its name — Extraordinaire.
