**MOTORIZED - UNIT WEIGHT INFORMATION SHEET**

This motorhome is designed to allow for a wide variety of uses from extended trips with two people to short trips with multiple people. Accordingly, this unit allows ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo load and towed vehicle without exceeding the chassis weight capabilities. Seat belts are required to be worn in most states, and should always be used for passenger safety. Seat belts have been provided at most seating locations to allow convenience in selection which seat to occupy. However, it is not intended that all seating positions equipped with seat belts may be occupied while vehicle is in motion, without regard to other weight factors.
